

ALAMEDA COUNTY WILL GET MONEY.

Good Work Was Done by the Supervisors' Committee at Sacramento.

At the meeting of the Board of Supervisors this morning the action of the Special Committee which visited Sacramento last week looking for the indigent funds due to this county reported and the report cheered up the Board with the hope that needed funds would be soon available.

"The committee," said Mr. Church, "appointed two weeks ago to visit Sacramento, went there last Friday. It consisted of Mr. Roeth, District Attorney Allen and myself. We met the secretary and other members of the Board of Examiners and spoke to them on behalf of the money due this county for indigents."

"We were very much pleased with the manner in which we were received and were informed that the expert would soon be here to examine the accounts."

"We were told that the expert had not been able to examine the accounts before, but that an order had been issued to the expert, Mr. Parker, to come to this city and examine the accounts. He will probably be here on Tuesday or Wednesday and we are informed that within 15 minutes after the result of his examination is made known in Sacramento, the money will be available for this county."

The report was unanimously adopted.

There is due Alameda county \$18,000.

SLEUTHING THE STAGE ROBBER. FIVE LIVES LOST IN FIRE.

Clew to the Yosemite Bandit Found in the Burning of a Farm House.

Associated Press Dispatches by The Tribune's Special Leased Wire.

FRESNO, June 11.—The Democrat says that detectives who have come to this city are working on a clew which seems to indicate that some time between May 15th and May 22d, or immediately before the Yosemite stage robbery, the man whose value was found on the scene of the robbery and who is believed to be the robber was in Fresno. He had with him stamp photographs of himself talking with those found in the valley, and he left town without paying for his lodging.

He occupied a room at a lodging house for one week, and was accompanied by a Spanish woman, who came back four or five days after they left to reform their values, which had been detained. The woman said she lived in Mariposa county. A separate identification card with this has been made at another lodging house in this city, where the couple passed one night.

LONDON, June 11.—Mrs. Gladstone has suffered another relapse and is now unconscious.

MURDERED BY A HIGHBINDER.

SACRAMENTO, June 11.—Len Ah Hing, a Chinaman who was shot in Chinatown last evening in a highbinder warfare, died this morning in the City Receiving Hospital from the effect of his wounds.

A charge of murder will be placed against Fong Ah City, who is in jail.

Len Ah Hing said last night that Guy was one of the Chinamen who shot at him.

The police say that Fong Ah City came here a little over a month ago from San Francisco, and that he was forced to flee from that city on account of some highbinder trouble in that city.

M'GLADE IS NOT SENTENCED.

SAN FRANCISCO, June 11.—The case of Peter McGlade, called before Superior Judge Crook this morning for the pronouncing of sentence, was put over until Saturday next, the defense announcing that an appeal to the Supreme Court was now in course of preparation.

MCKINLEY AND GEN. OTIS IN CONFERENCE.

A Cordial Welcome to the Conqueror of Aguinaldo.

Leaves Tonight for West Point to Meet the War Secretary.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, June 11.—Major General E. S. Otis, accompanied by his aides, Captain Shelden and Lieutenant Stanley, reached Washington this morning.

He was met at the station by Adjutant General Corbin and General Schwan, and the party were driven direct to the Arlington Hotel.

After breakfasting General Otis repaired to the War Department, where he formally reported to Mr. McKlejohn as Acting Secretary.

Thence General Corbin escorted him and his aides to the White House. The President was in his private office in close consultation with Senator Allison, Senator Culham and Justice Harlan when the party arrived.

General Otis and General Corbin were immediately ushered into the library, where Mr. McKinley met General Otis with the utmost cordiality, congratulating him upon his apparent good health and thanking him several times for his signal services to the country.

General Otis made no report to the President in detail.

The President was intensely interested in what the General had to say and with his opinion for the existing situation in the Archipelago.

After General Otis left the White House he was naturally reticent concerning the subject of his interview with the President.

But he did not hesitate to reiterate his statement, made repeatedly since landing at San Francisco that the Filipino rebellion as an organization was dead.

"Aguinaldo," he said, "is probably in hiding somewhere in the mountains of Northern Luzon, but he carries little more influence than any other individual at large. He is discredited and a dead issue."

Asked whether in the event of more complications in China, troops could be spared from the Philippines for service there, General Otis replied:

"Possibly, possibly."

SAN FRANCISCO, June 11.—When the case of Mrs. Nettie E. Craven-Pain, accused of perjury, was called before Superior Judge Carroll Cook today, a physician's certificate was offered in proof of the fact that the defendant was too ill to appear, and the court set the case for Friday next, announcing that the presence of the doctor at that time would be required to testify as to Mrs. Craven's condition.

The cases of Simpson and Sylvia, accused of perjury and subornation of perjury, were called also and then continued until Saturday, the defense earnestly pleading that it was not yet prepared.

Judge Groves this morning denied the petition for the probate of the will of Joseph S. Sampson or Oatman. The deceased committed suicide. The will was a rambling document.

The Men's League of the First Congregational Church will hold an interesting meeting tomorrow evening in the parlors of the church.

Rev. W. W. Scudder will deliver a lecture on the subject "Municipal Art." This will be illustrated by stereoscopic views.

AGAINST SHOOTING OF THE STRIKERS.

Victims of the St. Louis Tragedy Said to Have Been Unarmed.

ST. LOUIS, June 11.—Monday opened quiet after yesterday's regime of terror. With one exception all the street car lines are in operation today.

Up to 11 o'clock no action had been taken by Governor Stephens in regard to calling out the militia.

Chief of Police Campbell, who last week expressed an opinion that the troops should be called out, now says:

"I would not recommend that the State troops be called upon just yet. The developments of yesterday, I think, show that we are able to handle the situation."

A revised list of yesterday's casualties follows:

Dead:

George Ryne, former conductor, shot.

C. Edward Thomas, former conductor, shot.

Fred Bohne, shot through a solid gate near his home by a deputy who was pursuing disturbers.

Fatally injured:

A. E. Burkhardt, former conductor, shot in head, cannot live.

Wounded:

Oscar Marvin, motorman, shot in hand, amputation necessary.

Joseph Mulhall, conductor, shot in the right hand.

August Schmidt and August Ludwig, shot in arm while in their third story window.

Albert Babcock, deputy, shot in the thigh and left foot, shots seems to have been fired from an upper window.

Daniel Wessenberg, shot in foot, accidental discharge deputy's gun.

F. J. Ross, conductor, shot in eye.

John M. White, former conductor, shot in lower part of the back.

Joseph Kuhl, skull fractured by a dep.

Edward Barry, motorman, struck in the face by a rock; nose smashed.

There is considerable feeling as the result of yesterday's shooting in front of the posse barracks. Sheriff Pohlman justified the action of his deputies.

The following telegram was sent to President Samuel Gompers of the American Federation of Labor by President W. D. Mahon of the National Association of Amalgamated Street Railway Employees, who is managing the strike:

"Street car men returning from a picnic this evening (Sunday) marching behind a band of music, peaceably and unarmed, were fired upon by a Sheriff's posse and shot down like dogs. The outrage at Hazelton melts into insignificance in comparison. This outrage should be denounced in no uncertain terms by the organized wage-earners of America."

President Mahon made the following statement today:

"The shooting down of our men like dogs was an outrage unparalleled in the history of labor movement in the world. Hazelton and the bull pen outrages of Idaho pale into insignificance when compared to it. Investigation shows that not one shot was fired by the railway men, nor did they have any firearms to shoot with."

"This outrage will be resented by organized labor, not alone in St. Louis, but throughout America. We will stand by our demands all the more since this affair and contest the struggle to the bitter end."

There have been numerous encounters which have resulted in ten fatalities and the wounding of at least fifty persons.

An application was made by Messrs. Vosberg and Wedler, representing the Oakland Athletic Club for permission to carry out a twenty-round glove-contest in Oakland Park on July 4th.

"I understand," said Mr. Roeth "that the law governing this matter has been declared void by the San Francisco courts and I move that the application be referred to the District Attorney. I don't know that we have any jurisdiction in the matter."

"How would it do," asked Mr. Church, "to let it lie over till the District Attorney comes over here and get an opinion from him?"

"If possible," said Manager Vosberg, "I would like to have the matter settled this afternoon."

"I move," said Mr. Mitchell, "that the matter be referred to the District Attorney to report at noon."

"He ought to be allowed a week to get up a report," said Mr. Roeth.

It was announced that the District Attorney could not report for a week and a motion to that effect was made and adopted. Mr. Roeth being excused from voting. Mr. Wells being absent and Messrs. Church, Mitchell and Talcott voting in the affirmative.

SPANISH SHELL MAY BLOW UP CITY HALL.

Janitor John Wild Refuses to Make an Investigation.

Officials at the Front Are Very Much Excited.

Is the Spanish cannon which Congressman Metcalf secured for the city of Oakland and which has been placed temporarily in the City Hall Park loaded?

That is the question which is just now worrying city officials and which will probably not be settled for some time.

Disputes from the East say that many of the cannon which have been distributed among cities in Eastern States have been found to be loaded, and it is feared that the one presented to Oakland is in the same condition.

However, no one seems to be willing to ascertain whether it is loaded or not.

The news of the possibility of the cannon being loaded spread rapidly and soon a large crowd was attracted to the park, but they kept a respectable distance from the weapon.

In the absence of Mayor Snow, Secretary Jackson of the Board of Public Works decided that something must be done in the premises, so he called Janitor John Wild.

"John," he said, "there is some talk about our cannon being loaded. I wish you would get a long stick and poke it down the barrel and then measure the outside. If it is loaded something must be done."

"I would like to oblige you," answered Wild, "and nothing would please me better than to go poking around loaded cannons with sharp sticks, but really I must decline, and I'll do so even if I have to go out of politics and resign my position in the Afro-American League. It is clearly the duty of the guarder, and I am not going to get into trouble by interfering with another man's business. I have no more business in the park than any other citizen."

And John retired to the seclusion of his own office, and no amount of coaxing could induce him to make another appearance in the corridors of the City Hall.

The weapon is pointed at a crockery store opposite the City Hall, and the officials have been busy speculating as to just how much of the corner of the building would be torn away if the cannon were accidentally discharged.

Chief of Police Hodgkins was appealed to to detail an officer to test the cannon, but he said all his men were too busy. In the morning the matter is anxiously awaiting the return of Mayor Snow, who is expected to furnish some solution to the difficulty.

MONDAY, JUNE 11, 1900.

Under the guise of a Board of Trade the live-guards of this part of the State have formed an organization that avows a good deal of a trust. They should find no difficulty in getting a cinch on their business.

A hobo has been arrested in San Francisco for passing a counterfeit dollar upon a boatblack. He must have had the necessary polish to dispose of it in a business house and therefore went to the boatblack's stand as a denier resort.

The hopes of the Democrats in California have been completely shattered now that the official returns are coming in from Oregon, and their leaders are almost willing to admit that there is little hope of being able to swing any part of the Pacific Coast for Bryan. Perhaps the wildest of the Nebraskaans is having for the nomination is the result of a similar feeling all over the country and no account for the other whilem aspirants withdrawing their names—the idea being that as it is a sure-thing losing game they don't want to be personally identified with dealing the cards.

SCHOOL FIRE DRILLS.

Two little attentions have been paid by the press and the public to the lesson taught by the fire in the Lafayette Primary School across the bay, when 500 children were marched out of the building in perfect order. Though the roof was ablaze, in two minutes every little one was beyond the reach of danger without a sign of panic and with no mishap of any kind. Frequent fire drills made such a result possible, for thanks to the good judgment of Miss Casey, the principal, the children had become accustomed to the sudden alarm, calling upon them to leave books and lessons without hesitation, form in line and march in an orderly manner out into the street. The efficiency of this drill depends on frequent practice, for the young can only in this way be taught to act calmly in the face of danger. Miss Casey evidently realized this for her pupils had come to regard the sudden summons as a matter of course and to obey it almost mechanically. To this is due the fact that the flames on Telegraph Hill did not find a single victim, in marked contrast with the accounts of loss of life in similar fires in other parts of the country.

To the principal who brought about this high degree of efficiency the official recognition that has been given to her work was due. It was needed, too, as an incentive to others, for the fire drill is sadly neglected in many of our schools.

We understand that three or four times a year is the utmost frequency with which the alarm is sounded in some institutions and that, in San Francisco, to have such constant practice as was the case at the Lafayette School is very rare indeed. In a large school in Alameda the fire call has been sounded only four times in an entire year. How often the call comes in Oakland is not a matter of record. But its necessity must be apparent. The burning of a school house is fortunately rare and the occasion for the fire drill therefore, is not as constantly before the minds of instructors as it ought to be. They are too apt to regard it as an annoying interruption to the routine of study. Hence the fact that the drill is an essential feature of school life should be enforced on the attention of aid, if needs be, by regulation. That the children may regard the unexpected call at irregular intervals somewhat in the nature of a "lark" is to be expected, but their ideas about it cut no figure in the question. The time, it is to be hoped, will never come in Oakland, when school children shall have to flee from fire. But should it come, let them be prepared.

THE COMMERCIAL OUTLOOK.

Although the commercial reports for the past thirty days make an unusually bad showing as regards the total amount of insolvent liabilities during that time, inquiry proves that there is not even the slightest indication that the wave of prosperity is likely to lose its force. The bankruptcy of Price, McCormick & Co. was the direct cause of the unwholesome statistics, for not only were its own accounts on the wrong side of the ledger to the extent of several millions, but in going down it dragged with it a number of other concerns for large amounts. It is but proper, therefore, that these figures should be expunged from any statement purporting to show the financial conditions, for speculative tactics such as were resorted to in the attempt to corner the cotton market cannot with justice be classified with legitimate business. With these failures out of consideration, examination shows that the financial conditions are as strong if not stronger than they have been for the past couple of years.

The adjournment of Congress is always a means of settling the money market, and on this occasion it will be unusually so, for the anti-trust legislation that was before a wave of a nature to make capital more timid than ever. Much good will be accomplished by it, though, for with the evidence before them that there is a determination on the part of the people to prevent the clutch of monopoly from becoming over-exacting, these coalitions of capital are likely to abandon their "charge all the traffic will bear" policy and install instead one based upon fair business lines. Indication of this is given in the voluntary reductions by the American steel and wire trust in its price schedules and the lowering of rates by the Bessemer association—in fact, in nearly every industry controlled by a combination of capital there has been a general shading of figures, not so much because of the more popular outcry, but for fear that unless liberal concessions are made movements will be inaugurated that will cut the ground from under the feet of the trust magnates.

Then again the knowledge that the political conditions are such that it is almost a certainty that McKinley and the Republican party will be continued in power furnishes another cause for the stability of the markets. To make such a radical change as would follow the transfer of the reins from Republican to Democratic hands could not but have a disquieting effect upon the markets, so with that probability practically eliminated, a powerful reason is given as to why the pendulum of business should remain steady. Our flourishing export trade, too, and the constant development of our resources are factors of vital importance, so taking all things into consideration, it is plain enough that there is every reason to believe that the prosperity now attending us will be continued.

England's jubilation over the success of her soldiers in South Africa is being dampened by the war poetry being written by Laurence Austin and Algernon Swinburne. Judging by the peculiarity of the metre of Swinburne's last effort he is endeavoring to make a hit with the American public by writing in ragtime.

McKinley positively announces that he cannot find time for a trip to the Pacific Coast this summer. That's all right; although he cannot come to California, California will go to him next November.

Fuller reports that he has captured the key to Laing's Nek. It is liable to prove a skeleton one by the time he gets through operating with it.

The Shah of Persia is said to be touring Europe incognito. Can this mean that he is traveling on a chainless bicycle?

PLEASANTON MEN GO TO JAIL.

SOCIAL NOTES ARE RECORDED.

Many Oakland People Are Going to the Country for the Summer.

A delightful "liven bee" was given recently by Miss Etta Mae Wilson at her residence on Hopkins street, East Oakland, in honor of Miss Nellie Mae Bennett, whose marriage to Gilbert Nicholas Brink will take place on June 14th. The decorations were a pretty combination of greens with pink and white pelargoniums.

The afternoon was spent in sewing, conversation and music.

Refreshments were served about 5 o'clock. Pretty heart-shaped souvenirs were presented to the guests.

Those present were: Mrs. T. B. Holmes, Mrs. John Leavers, Mrs. P. G. Fatten, Mrs. J. Food will lay in the stomach undigested for days and then you wonder why you feel ill. Cleanse the bowels with the Bitters and you will not suffer from BELCHING, HEARTBURN or BILIOUSNESS. It will strengthen your stomach.

Like a flash of lightning, sudden and startling, disease strikes down many a man. Yet there have been warnings upon warnings, unheeded. Food has lain like a heavy weight in the stomach after eating. There have been belchings, bitter risings in the mouth, nervousness, sleeplessness and growing irritability. Instead of listening to these warnings, recourse has been had to some of the nerve numbing palliatives that cover but never cure disease. Many serious diseases begin in a diseased condition of the stomach and organs of digestion and nutrition. For such diseases there is one medicine which rarely fails to effect a complete cure. Dr. Pierce's Golden Medical Discovery cures ninety-eight per cent. of all who give it a fair and faithful trial. It is a temperance medicine and contains no alcohol.

"I was afflicted with what the doctors called nervous indigestion," writes Mr. Thos. G. Lever, of Lever, Richmond Co., S. C. "I took medicine from my family physician to no avail. In looking over one of Dr. Pierce's Memorandum Books, I found my case described exactly. I wrote to you and made a statement. You sent me a descriptive list of questions and some hygienic rules. I carried those out as best I could, but thought myself incurable as I suffered so much with pain and nervousness. At night I could not sleep. At night would have cold or hot feet and hands, alternately. I was getting nervous and feared a great deal mentally, thinking that death would soon claim me. Always expected something unusual to take place, was irritable and impatient, and greatly reduced in flesh. I could scarcely eat anything that would not produce a bad feeling in my stomach. After some hesitation, owing to my prejudices against patent medicines, I decided to try a few bottles of Dr. Pierce's Golden Medical Discovery and 'Tonic.' After taking several bottles of each, found I was improving. I continued for six months or more, off and on until I was cured."

Dr. Pierce's Pleasant Pellets are a positive cure for constipation.

J. McCarthy, P. J. Kelleher, P. O'Brien, No. 17—M. Duane, M. O'Mahoney, John O'Garra, M. E. McDonnell, R. S. Sheehan, No. 20—Eugene O'Connor, Patrick Maloney, William O'Shaughnessy, M. E. McEvoy, John O'Neil.

Los Angeles County: P. J. McCarthy, M. J. McGarry, P. J. O'Connor, T. J. Cunningham, T. J. McGonigle, D. M. McGarry.

Monterey County: Thomas Conley, John H. Cunan, James F. Rordan, Martin Wallace.

Nevada County: J. Dunnelliff, O. C. Conlan, John B. Barry, Rev. P. J. Cline, T. H. Carr, M. Halyne.

Oakland: Division No. 1—M. H. McGuire, Con Dolan, Thomas Walsh, George Shields, B. Duffy. No. 2—D. M. McCarthy, R. Heaney, A. Lynn, J. J. Pegnam, Edmund J. Murphy. No. 3—T. J. Desmond, B. McManus, J. Brian, James Smith. No. 4—Frank McAllister, John Kenny, W. J. Cashin, Charles E. McCarthy, Michael Murphy. No. 5 (Berkeley)—J. Doyle, M. C. Mahoney, J. Hallon, T. Divine, M. J. Power. No. 6—John Forrest, M. Coakley, J. R. Kelly, F. Ryan, James Keller.

Santa Cruz County: P. Dorsey Michael Curry, John Rooney, Edward Griffith, William Murphy, Patrick Neary.

Santa Clara County: Division No. 1—Michael Nhill, Thomas McNulty, James Mulhally, John Guerin, Martin Dalton. No. 2—James Farrell, Patrick Lenahan, James Logue, Thomas Carney, Matthew Crowe. No. 3—T. R. Dougherty, R. F. McMahon, John W. Clute, H. J. Dougherty, William Call.

Sacramento County—W. O'Brien, William Ryan, Michael Butler, George Rippon, Owen Sheridan, Michael Egan.

Solano County—P. Dinneen, F. J. Ferguson, J. Brosnahan, J. J. Dolan, J. Cavanaugh, T. V. Collins.

The Ladies' Auxiliary Convention will consist of the following named delegates, as also the delegates:

County officers—Mrs. E. Butters, president.

Martha Washington Circle No. 1—Mrs. J. J. Donovan, Miss Dillon, Miss H. Fitzpatrick, Mrs. J. J. Moran, Mrs. H. Mulvihill, Mrs. C. B. Flanagan.

Columbia Circle No. 2—Mrs. Theo Richards, Miss Mary Poudy, Mrs. E. F. Kraut, Mrs. James Martin, Mrs. Lena O'Donnell.

Emmet Circle No. 1, San Jose—Mrs. M. Farrell, Miss Eliza Higgins, Mrs. C. McNally, Mrs. W. B. Ward, Miss L. Chaverry, Miss N. McGrath.

These will also be delegates: Rev. D. O. Crowley, chaplain; J. J. Donovan, State president; Edward I. Sheehan, State secretary, and John P. Henry, State treasurer.

The delegates will attend solemn high mass Tuesday morning in the Church of the Immaculate Conception, of which the Rev. Father King is pastor. Father King will act as celebrant, Father Morrison deacon and Father Nolan sub-deacon. The sermon will be delivered by the Rev. D. O. Crowley. In the evening of that day there will be a banquet in California Hall, which will be attended by about 250 guests.

"Source of Inspiration."

One of the poets of the Sierras, on reading a statement in the San Francisco Chronicle that the New York Central was serving California wines on its dining cars, immediately dashed off the following stanzas:

Oh, sparkling wine, the sunshine's thine—
Of flower-embowered valleys,
Born of the sun when day is done
And lingering light entrances.
Thy purple shade, the coast range made—
Gift of a royal thair;
In amber will the sunsets dwell
Of crest of the white Sierra.

We listen to thy music clear,
The mission bells are ringing;
Each bubble float thy forth a note
Of songs of fairies singing.

Ah, sparkling wine, the life is thine
Of flower-embowered valleys,
Of ocean breeze, of giant trees,
Of mountains that break and rally.

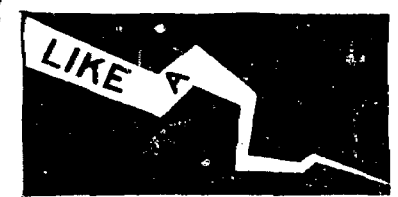

Of mountains old with heart of gold
And a gleam of silver river,
There's life divine in precious wine,
The California flavor.

Upon reading the above an eminent Californian, who was born in the East, remarked: "It's a pleasure to observe that as the East and West have a common desire, they are now to have a common source of inspiration."—Buffalo Commercial.

Dyspepsia

The most common of the multitude of diseases that afflict humanity are disorders of digestion, and these are of the most far reaching in their effects on the general health. Owing to their immediate nervous association, the brain at once enters into sympathy with the stomach whenever the functions of the latter are disturbed. So intimately, in fact, are the stomach and head connected through the medium of the great sympathetic system, that mental disturbances will not only produce loss of appetite, but also affect the process of digestion; while this in turn produces depression of spirits and sometimes insanity.

ELECTROZONE CURES

There is nothing that equals ELECTROZONE for the removal of this distressing trouble. ELECTROZONE is a combination of the very elements of life. It acts directly on the trouble and removes all impurities from the blood, causing a healthy flow to all parts of the body, which assists the stomach in doing its work naturally.

ELECTROZONE acts like magic in curing dyspepsia. It arrests fermentation of food, prevents acidity of the stomach, increases the appetite, improves the digestion and regulates the bowels. The general result is a positive cure—a boon to the afflicted.

ELECTROZONE at druggists, \$1 a bottle. Send for pamphlets to ELECTROZONE MFG. CO., San Francisco.

Linda Vista Residence of Mrs. M. E. Dean.

The above illustration shows the Linda Vista residence purchased during the past week by Mrs. Mary E. Dean from Heron & Holcomb. It is situated on El Dorado avenue, one of the prettiest streets on the Terrace, as well as one of the streets most rapidly building up. The lot has a street frontage of 78 feet, and raises toward the house, affording a very handsome terraced lawn, the ornamentation of which with palms and shrubbery is already well under way. The house is cedar shingled, left natural, and relieved with chocolate brown trimmings. The architectural feature is the spacious octagonal veranda, with southeastern exposure. The interior arrangement consists of reception hall, living room, dining room and den, all opening up by means of sliding doors into one large apartment. Also kitchen and pantries, on first floor; three rooms on second floor and spacious attic. The lots on El Dorado avenue adjoining this residence and to Fairmont avenue, afford some of the finest building sites on the hill.

PROCEEDINGS OF THE SUPERVISORS.

Many Matters are Discussed at the Meeting Which Interest the Taxpayers.

At the meeting of the Board of Supervisors this morning all the members save Mr. Wells were present.

The application of Edward K. Smith for relief was denied because it was shown that the applicant was not a resident of this county.

MUST DEFEND.

The following resolution was then introduced:

Resolved, That the District Attorney defend on behalf of the county of Alameda the suit entitled "In the Superior Court of the county of Alameda, State of California, The Oakland Bank of Savings (a corporation), plaintiff, vs. Alameda County, defendant."

The resolution was on motion of Mr. Atwood, adopted, all the members voting in the affirmative.

The resolution of Jailer Schenck for two dozen pair of shoes was adopted.

Dr. Strout's report for April showed 202 services and for May 251 services to patients at the Receiving Hospital. Filed.

AIDED INDIGENTS.

Supervisor Talbot reported that he had aided the indigent during May and June, at a cost of \$111. Filed.

Jane Hall and Frank Cullen, prisoners in the County Jail, were allowed credits of time for good conduct, on the recommendation of Jailer Schenck.

A. J. Rodriguez, Road Foreman of Contra Costa County, reported that he had expended from January 21st to May 21st, \$500.75 for labor and \$805.41 for material. Filed.

LIQUOR APPLICATIONS.

Applications for liquor licenses were received from J. B. Barnard, Niles; P. Matos and J. F. Silva, Alameda; M. F. Fonseca, Warm Springs; Manuel E. Niles and George E. Butts. They were referred to the Judiciary Committee.

IMPROVING SAN PABLO AVENUE.

The County Surveyor was instructed to prepare plans and specifications for the grading and macadamizing of San Pablo avenue from the northern boundary line of Berkeley to the Contra Costa county line.

Permit to sell liquor was granted Joseph Herscher at Mt. Eden.

Ellsworth street between Vine and Orange streets, Mission San Jose, was accepted as a county road.

INFIRMARY REPORT.

Dr. Clark of the County Infirmary reported 50 patients on hand at the hospital on May 1st. The daily average attendance was 29. Cash received amounted to \$30.35, and the amount expended was \$104.90. Filed.

AS TO A BOND.

Mr. Church stated that Supervisor Talbot had raised a question as to the sufficiency of the bond of Bernstein, under contracts granted on Tuesday last for county supplies, because he did not know the sureties. The matter was laid over until Mr. Talbot was informed as to the standing of the bondsmen and the explanation was satisfactory.

A PRIVATE SEWER.

The application of Charles N. Chambliss to build a sewer under county road 2509 in order to drain his cesspool into an adjacent creek into which the sewage of other ranches is discharged was considered.

The request of Chambliss was granted.

ABANDON A FRANCHISE.

The Oakland, San Leandro and Hayward Electric Railway Company asked for permission to abandon the franchise which it had secured for a street car line from the city limits to Twenty-seventh street. Secretary McLeary representing the company stated that the road had been built in the section referred to for the purpose of setting up the

PREPARE TO FIRE FIRST GUN OF CAMPAIGN.

State Chairman Makes Suggestions to the Republicans.

Ratification Meetings Will be Held Throughout the State.

Editor TRIBUNE—Dear Sir:—The Executive Committee of the Republican State Central Committee of California earnestly recommends to all county committees in the State to arrange for ratification meetings at many places as possible, in honor of the nominations for President and Vice-President, to be made by the Republican National Convention, which convenes at Philadelphia on June 19, 1900, and would further suggest that such meetings, where convenient, be held on the evening of Saturday, the 23d instant.

The co-operation of all Republican clubs and kindred organizations should be enlisted, and the demonstration of such character as will arouse the enthusiasm of the people and show that they are in hearty accord with the policy of the administration of President McKinley, under which every section of the country has progressed and prospered to a degree unparalleled in the history of the Republic.

Oregon has fired the first gun in the campaign, and declared in unmistakable terms that the masses endorse the wise and statesmanlike policy of the President. California should manifest the sentiment of her people with equal clearness—by words now, and by ballots in November next—for her most material interests are vitally involved in the issue of this contest.

These first meetings should strike the keynote of the campaign, and show beyond cavil that there is and will be no wavering in the Republican ranks nor doubt of success.

At the meetings the platform of principles enunciated by the Republican National Convention should be given special attention—should be read in full and commented upon at length.

The State Committee is not in position at present to furnish speakers, and the various organizations will therefore arrange for local speakers to address the meetings. Very respectfully,

GEO. STONE, Chairman.
WM. H. CUTLER, Secretary.

CITY OF ALAMEDA

COSTLY FIRE AT THE HOME OF MRS. NAHL.

Many Fine Paintings Are Destroyed by Flames.

Knights of Pythias Officers Are Elected by the Lodge.

ALAMEDA, June 11.—There was a costly fire Saturday in the residence of Mrs. Anne J. Nahl, widow of the late artist, Arthur Nahl, at the corner of Park street and Central avenue. The firemen and neighbors worked courageously in moving out the furniture and about 20,000 worth of paintings. Two fine paintings, valued at \$1,000 and \$1,000 respectively, were ruined, and the total loss from the fire is said to be about \$10,000. The fire, which is supposed to be due to a defective flue, broke out in a china closet in which a quantity of old papers was stored. When the fire department's apparatus arrived the roof was burning and the partition between the dining-room and kitchen was almost destroyed. Mrs. Nahl is an invalid and had to be carried out through the dense smoke by the firemen. The loss was partly covered by insurance.

OFFICERS ELECTED BY KNIGHTS OF PYTHIAS.

ALAMEDA, June 11.—Alameda Lodge No. 48, Knights of Pythias, has elected the following officers: Chancellor, Commander W. E. Chaplin; vice-chancellor, Charles F. Fischer; private, A. W. Corbush; master of finance, W. J. Short; master of exchange, Frank Hally; keeper of records and seals, A. B. Barber; treasurer, Martin Schott; inner guard, Geo. McRae; outer guard, C. Wellie.

CHAS. OVERACKER GOES TO RENO TO MARRY.

Takes a Niles School Teacher for a Bride.

Had to Go Over the Line Because He Was Divorced.

The marriage of Charles Overacker, the Niles orchardist, and Miss Edna Hamer, of this city, took place at Reno, Nevada, Friday evening.

The ceremony was performed by Rev. R. F. Huddleston of the Baptist Church of that place.

During the past year Miss Hamer has been teaching school at Niles. A few weeks ago Overacker brought an action for a divorce from his former wife, Ella May Overacker, who is a sister of Katharine Clemmons, who married Howard Gould.

At that time it was rumored that the divorce proceedings were the first step toward the marriage of Mr. Overacker and Miss Hamer. This rumor, however, was positively denied.

Mrs. Overacker offered no opposition to her husband's suit for divorce, and a decree was secured within a week.

The divorced Mrs. Overacker is doing charitable work in the slums of San Francisco.

SEQUEL TO AN ENGINAL WEDDING.

Judge Morris Tied the Nuptial Knot for Couple.

Rich Man's Son Captured by Ambitious Young Woman.

ALAMEDA, June 11.—About ten days ago Judge Morris of this city united a young couple in marriage. It was one of those very quiet weddings that sometimes occur, but appears to have created a decided sensation where the parties are best known.

Town Toides has the following concerning it: Another rich man's son has been captured by an ambitious young woman, and all sorts of cleagreenable stories are being told in the city.

The groom is young Monroe Goldstein, whose father is the well known merchant of the long-established and exceedingly prosperous firm of Cuiner Goldstein & Company, whose business is quite extensive throughout the San Joaquin Valley.

Young Goldstein, like many other rich man's sons, has been pampered by indulgence of all sorts, and he has cultivated a penchant for the follies that beset those that tread the primrose path. Up to a short time ago he had money to burn, and he applied the flame at both ends.

His allowance aggregated several hundred dollars a month, but it was none too much to satisfy his expensive tastes. He was known from Los Angeles to San Francisco as a high roller, and his fame was such that when Goldstein was called a halt, and brought the young man with a short time.

The supposition now is that the older Goldstein withdrew his financial support because he learned that his son had been seized with an infatuation for a young woman who resided with her parents in Fresno. The old gentleman had a conviction that when he learned that there was a prospect of the Fresno female's becoming a daughter-in-law, and his objection to her, I have been told, was not due to religious prejudice. She is said to be a very attractive young woman, but she is not in the savings set of Fresno.

Her father is a real estate agent, and her mother is said to be quite a match-maker. In fact, it is said that she arranged the match with Monroe Goldstein. When the latter's allowance was cut off he came to this city in search of employment, and I believe he will now be seeking a manager.

But temporary financial failure failed to dampen the ardor of his fair Fresno damsel. She came hither with her mother and the other day, and after a few days in company with young Goldstein they went to Alameda, where Justice of the Peace Morris united the young people in the holy bonds of matrimony. And now a variety of sensational developments are expected.

BIDS FOR THE NEW LIBRARY.

Trustees Decide to Advertise for Some Figures.

The Free Library Trustees met Saturday night and directed Librarian Greene to advertise for bids for the new Public Library building, for which Andrew Carnegie recently donated \$50,000.

The advertisement as it now stands calls for bids to be submitted on June 20th, but it will be submitted to Assistant City Attorney Condon before it is published.

If it should not meet with Condon's approval it would be necessary to revise it, and consequently another meeting of the trustees would be held before the advertisement could be published.

DO NOT TAKE PART IN POLITICS.

Editor TRIBUNE—Statements have appeared in the daily papers announcing that the indictment of Henry P. Dalton by the Grand Jury of Alameda county is a direct insult by organized labor, and that at meetings of several of the unions the matter has been discussed. It may be possible that some of the members of labor unions of this city have as individuals been discussing the indictment by Grand Jury of Henry P. Dalton, but the matter has never been discussed in any manner at any meeting of any subcommittee of labor organization. The laws of all labor unions positively forbid the discussion of political or sectarian questions at any of the meetings. We, as president, secretary and business agent of the United Trades Council, do positively state that the indictment of an ex-cadre for political office has never been discussed at any of the meetings of the unions affiliated with the Building Trades Council of Alameda County.

"My attack of Miller's Asthma was very bad. I was afraid to lie down at night for fear of smothering. I couldn't get my breath. No matter if all the doctors in the world were called in, it seemed as if there was no air and that I must surely smother to death. Mr. W. B. Lang, of this city, called my attention to Miller's English Remedy for Throat and Lung Troubles. I thought little of it but bought a bottle in the hopes that it might help me a little. It gave me wonderful relief, and the second bottle cured me completely. My recovery is permanent, too, for ever since I have not had the slightest return of my old enemy. I consider Miller's English Remedy by long odds the best medicine in the world for hacking coughs, asthma and bronchitis. It completely masters those stubborn diseases that many people wrongly suppose to be incurable. If sufferers will just try a single bottle, it will prove every word I have said, and more too." CITY OF BERKELEY

MEETING OF THE BERKELEY TRUSTEES. SIGN BOARDS ARE DECLARED A NUISANCE.

Business Transacted by City Fathers Last Night. Ordinance Prohibiting Their Use Passed by Board.

BERKELEY, June 12.—At the meeting of the Town Trustees last night all the members of the Board were present.

Hugh Fogle and Attorney George of the commission appointed to aid in the opening of Hietse and Edgeworth street, reported progress.

At the suggestion of Trustee Turner the officers of the commission were instructed to report once a month so that the people might keep informed of the progress of the work.

DELAWARE STREET PROTEST. The time for hearing protests against the improvement of Delaware street from San Pablo avenue to Sacramento street was set for 8:30 o'clock at the next meeting.

Offers of land for school sites were received as follows:
A lot 135 by 150 feet on the southwest corner of Vine and Spring streets, at \$3,500, from J. T. Morrison.

A lot 100 by 125 feet on the northwest corner of Virginia street and Seaside avenue for \$2,500, from Francis Perrier, who withdrew his offer of a lot on the southwest corner of Spruce and Vine streets.

A lot 150 by 135 feet on the corner of Oregon and Grant streets for \$900, or 240 feet on Oregon street, the same depth, at \$1,500, or 380 feet, same depth, at \$2,500, from A. J. Snyder and C. J. Snyder.

The offers were referred to the committee in charge of the various school sites.

FURTHER TIME GRANTED. Contractor M. Healey was granted permission to sewer Berkeley west of Sacramento street by private contract.

Contractor M. Healey was granted a thirty day extension on the sewerage of Ashby avenue.

The firm of Boston & Wilson was granted an extension of thirty days on the grading of College avenue.

RECEIPTS FOR FRANCHISE. A communication was received from John A. Britton, president of the Berkeley Electric Light Company, stating that the gross receipts for incandescent lights in the town during the six months ending April 30 were \$7,757.22 per cent of which \$2,515.55 was due to the town as per contract.

Clerk Hanson stated that the money had already been paid into the town treasury.

PETITIONS. A petition for the macadamizing of Rose street from Shattuck avenue to Arch street was referred to the Street Committee.

A petition from property owners on a portion of Pleasant street asking that the improvement of the street in front of their property be not included in the improvement of the rest of the street was referred to the Street Committee and Town Engineer.

SITE FOR FOUNTAIN. On motion of Trustee Turner, the Board decided to join with the Mountain Company for permission to place a public drinking fountain on the plot south of Berkeley station.

Trustee Turner said that the railroad company ought also to pay for the water, as the fountain would be a great convenience to its patrons.

CLEANSING THE TOWN. Health Officer Dr. H. N. Rowell reported progress in the work of having all premises put in a sanitary condition. He stated that as no valid reason existed why all houses on sewer streets should be connected with the sewer he was now notifying all property owners to make the necessary connections.

His recommendation that sewers be laid in Telegraph avenue between Parker and Canton streets and on Boise street, which was referred to the Street Committee.

CONTRACTS AWARDED. Contracts were awarded as follows:
For sewerage Oregon and Grove streets, to Michael Murphy.

For sewerage Baker street, to the Ramon Concrete Company.

For a sidewalk on McGee avenue, to Michael Healey.

For the repaving and macadamizing of (Lambert street, to the Oakland Paving Company.

For cement sidewalks on portions of Center street and Dwight way, to J. A. Marshall.

SCHOOL BONDS. Action upon the proposals for printing bonds was deferred and the clerk was instructed to decide upon a suitable form for the bonds.

ORDINANCES. Ordinances were finally passed establishing street grades on Eighth and Ninth streets.

RESOLUTIONS. Resolutions were adopted determining specifications for the grading of Eighth street and directing the clerk to advertise for bids for grading Francisco and Delaware streets, Hearst avenue and Oxford and Walnut streets.

A resolution of intention to sewer, grade and macadamize Eighth street was adopted.

FOUNDERMASTER'S TROUBLES. Poundmaster Hughes appeared before the Board and explained the difficulties under which he was acting. He stated that the office was so unremunerative that he would be forced to resign at the end of the present month. The matter taken under advisement by the Trustees, who may make the office a salaried one instead of paying fees as at present.

NEWS NOTES FROM THE COLLEGE TOWN. BERKELEY, June 12.—The commencement exercises of the Institute for the Deaf, Dumb and Blind are being held this afternoon.

Wm. Green, charged with burglary, has had his preliminary examination set for tomorrow morning at 10 o'clock.

The closing exercises of the girls' department of St. Joseph's school will be held on Wednesday evening in St. Joseph's Hall.

PRESIDENT WHEELER GOING EAST. BERKELEY, June 12.—President Benjamin Wheeler of the University, accompanied by his wife, will leave for the East tomorrow morning. He expects to be gone about six weeks, and will visit a number of the Eastern universities.

BERKELEY, June 12.—At the meeting of the Berkeley Trustees last night, City Attorney Hayne was instructed to draw up an ordinance prohibiting the erection of solid board fences of more than four feet in height and compelling all fences used for sign board purposes to be six feet from the street line.

When the matter was brought up Attorney Hayne asked whether the Board wished to have the fences limited to 5 feet.

President Marston suggested that they be limited to 2 feet thus practically prohibiting them.

Attorney Hayne stated that he doubted whether such an ordinance could be enforced.

Trustee Turner then moved that fences be limited to four feet in height.

Acting upon the motion the matter was referred to the City Attorney with instructions to draw up the required ordinance.

WANT DOUBLE TRACK OUT SAN PABLO. BERKELEY, June 12.—At the meeting of the Town Board last night, a committee consisting of Trustees Hoff and Turner, and President Marston was appointed to wait upon the officers of the Oakland Railroad Company and endeavor to get them to have double car tracks laid out San Pablo avenue.

The matter was brought up by Trustee Hoff who informed the Board that the company was preparing to lay a single track on the avenue.

"The ordinance," he said, "allows the company to lay either a double or single track but it has always been the policy of the company to lay double tracks on all its lines and at the time the franchise on San Pablo avenue was granted it was understood that double tracks would be laid."

Street Superintendent Maloney said that he had talked with some of the officials of the railroad and he believed that if they requested that double tracks be laid it would probably be done. He thought this the more likely as the railroad had already been purchased and was on the ground.

The committee was then appointed. It will act in conjunction with a committee from the West Berkeley Improvement Club.

DELEGATES START FOR THE BIG CONVENTION. Delegates to the National Republican Convention at Philadelphia left the Oakland mole this morning on the special Pullman sleeper "La Gaiete." On each side of the car were streamers bearing the inscription: "California Delegation to Republican National Convention" and underneath a picture of the President and the words: "For President, 2000, William McKinley."

There was a large crowd at the depot as the train pulled out, and the delegates were enthusiastically cheered by the spectators. Dr. George C. Pardee, delegate-at-large, and George V. Reed, district delegate, of this city, were members of the party.

Deafness Cannot be Cured. by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed it is a running sore or catarrh, and it is not cured by local treatment, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by this method. TUESDAY, JUNE 12, 1900.

The value of the orange crop in California this year is estimated at \$40,000,000. This shows indeed that citrus culture in this State is a very profitable investment.

One hundred and twenty-five thousand boxes of sugar arrived in port yesterday from Hawaii. From Hawaii Uncle Sam is now in the position of the Island they seem to be taking more and more from him.

The Democratic candidate that the machine of Washington will fall on this year. It might be said that the machine of the White House, but even so, there is little fear that the National will be hurt, for there is no one in the world who could put a dagger into the back of the machine.

Judging by the fact that a noted Senator Clark on his return to his home at Butte, he is likely to report the calculations of his loss as being no less than the issue goes to the people this year. Daily's attempt to capture him doesn't seem to be the right kind of play, for he looks like a winning card.

TO SUPPRESS STRIKES.

With the tragedies that have attended the St. Louis strike so vividly before the nation, it is no wonder that attention is again being directed to the industrial problem as handled in the report of the National Commission presented at Washington. The subject of labor disturbances is a most delicate problem, and the commission is to be expected to make a careful study of the situation.

The plan of a tribunal by the commission is to be subject to penalty the person or persons who instigate a strike or lockout without first petitioning for arbitration or ascending to this mode of procedure for settling disputes when it is offered. The commission does not favor compulsory arbitration, by which terms it means enforced compliance with the decision of the arbitration tribunal when rendered. Its position is that the parties to an industrial dispute ought to have sufficient regard for the welfare of the community, which is the greatest sufferer from strikes or lockouts, to be willing to exhaust all peaceful methods before stopping the wheels of industry. According to the commission, those who are not should be punished for their obstinate disregard for the public welfare. But after a party to a dispute has resorted to all the recognized means of arriving at a settlement—conference and arbitration—and is still of the opinion that the conditions warrant a strike or a lockout, as the case may be, the commission would attempt no further compulsion.

BROOKS ESTATE TO BE ADMINISTERED.

M. E. McDonald has been appointed administrator of the estate of the late Leatrice Brooks, under the will of the late state was originally disposed of by will to the widow, Mrs. Mary P. Brooks, and a daughter, Harry S. Brooks. A daughter, Mrs. Alice J. Wilkinson, received nothing but a canceled note for \$2,000. Mrs. Wilkinson, however, succeeded in having the will, changing under the influence of the son of the widow. The appointment of an administrator settles the contest and will lead to the distribution of the estate.

Attachment Levied.

Horton & Hobson have attached property belonging to the California Bridge and Construction Company to secure the payment of a judgment of nearly \$300 given in favor of H. M. Stone.

Disturbers Arrested.

Ralph Encinas and Albert Brown were arrested by Deputy Constable Quinn Saturday evening on charges of disturbing the peace. They had been drinking and were engaged in a row.

UNCLE SAM AND CHINA.

Everything now passing in China indicates the correctness of THE TRIBUNE'S view of the situation and as this and other papers have pointed out, the policy of the administration is distinctly not one that looks to an accession of territory by the United States. The offices of the American Government at Peking and Tien Tsin are limited to participation in the demands made by the powers for better security of the lives and property of foreigners in China and, in case these demands are not complied with, to the landing of forces for the better security of our citizens resident in the affected districts. No matter how far other powers may venture, this country will act independently, insisting, however, that the "open door" policy shall be followed by all.

But, despite extreme opinions to the contrary, it is by no means likely that radical changes in the present form of government in China will be made. Russia, it is apparent, has caught the other nations napping and where they have hundreds of men on the spot, the czar has thousands. Without the consent of the great powers generally, however, no one of them can gain much by preponderance of numbers and Russia, therefore, whatever ambitions her ruler may entertain, will not be allowed to absorb an undue area of the Empire of China's dominion. That the united foreign forces will overcome the Boxers admits of no dispute and their victory will certainly lead to the retirement of the Empress and her intrigues as a factor in Eastern politics. The seaboard cities will then be placed under the control of different foreign spheres of influence in all of which America will have equal rights with the most favored nation, so that, commercially speaking, our position will be absolutely unassailable and far more advantageous than it is now. As for the segregation of the interior territory among the nations it is at present a contingency too remote for consideration and should such a division occur there will be time enough for the United States to prepare a policy to meet the problem. It is unlikely, however, that we will seek new territory in that direction.

America's policy is plainly outlined by the President. Our citizens abroad are to be protected in all their rights. Our commerce is not to be hampered by unjust acts. The honor of the flag is to be supported everywhere, but we are not to be drawn into those entangling alliances with foreign nations against which Washington issued prophetic warning.

Where are all of these Fourth of July committees this year? There is more reason than ever why we should have a long-suspension celebration, for the war in the Philippines is officially declared ended and the Washington authorities state that the remaining volunteer Johnnies will at once get orders to come marching home again.

Here are some interesting statistics compiled by the New York World regarding the Boxer war: Great Britain led into the field 29,000 troops as against 50,000 Boers. The British lost 30,000 men and the Boers 12,000. Great Britain has spent \$200,000,000 and the Boers \$10,000,000.

AFRO-AMERICAN LEAGUE OFFICERS.

The Afro-American League, a political organization composed of the colored citizens of Alameda county, held an exciting meeting recently for the election of officers to conduct the coming campaign. An opposition element created a disturbance which would probably have ended the meeting in a riot had it not been for the timely appearance of a police man.

NO CELEBRATION OF THE FOURTH.

There is little likelihood that Oakland will celebrate the Fourth of July this year. Last night, a few citizens met at the Board of Trade rooms to consider the matter. W. L. Schlueter was president, and Judge Greene presided over the meeting. It was decided that the celebration be all against a Fourth of July observance in this city. The Native Sons will celebrate Admission Day. The Woodmen will hold a celebration.

BROOKS ESTATE TO BE ADMINISTERED.

M. E. McDonald has been appointed administrator of the estate of the late Leatrice Brooks, under the will of the late state was originally disposed of by will to the widow, Mrs. Mary P. Brooks, and a daughter, Harry S. Brooks. A daughter, Mrs. Alice J. Wilkinson, received nothing but a canceled note for \$2,000. Mrs. Wilkinson, however, succeeded in having the will, changing under the influence of the son of the widow. The appointment of an administrator settles the contest and will lead to the distribution of the estate.

SOCIETY GOES A SUMMERING. Personal Notes From Many of the Pleasure Resorts of the State.

Mrs. J. C. Hampton gave an enjoyable luncheon and card party last Saturday at her residence, 1289 Alice street, in honor of Miss Grace Hampton, who is to be one of the autumn brides.

The table decorations were of pink roses and white lilies. A pretty arrangement of sweet peas.

The guests were Mrs. William G. Cooke, Mrs. Ray Marquis, Mrs. Rose, Mrs. Hesseman, Mrs. Eugene Bessie, Miss Hampton, Miss Maud Pope, the Misses Nicholson, Mrs. Bush Penning and the Misses Huff.

Oakland Council, No. 6, Young Men's Institute, gave a social dance last evening at Grand Army Hall. There was a large attendance, and the affair was successful in every respect.

The following members of the organization had charge of the affair: Floor director, George P. Clark; assistant, Edward J. Barker; Daniel Coakley; floor committee, W. P. Dudley, D. J. Hallahan, Martin Hammond, reception committee, R. H. Hammond, Colin Chisholm, J. J. McDonald.

The engagement is announced of Charles H. Hore and Miss Lella Langer, both of Alameda.

The young lady is the daughter of Mr. and Mrs. H. H. Hore, 1844 Pearl street. The date for the wedding has not yet been set.

The table was prettily decorated with pink blossoms and seemed about it were Mrs. Mary Dickson, Miss Alice, Miss Alma Durr, Miss Eva Paulsen, Miss Lucy Kuhn, Miss Minnie Long, Miss

A special examination will be held by the ideal Postoffice Board of Examiners in this city on July 14, commencing at 9 A. M., for the positions of clerk and carrier in the postoffice of this city.

The examination will consist of spelling, arithmetic, letter-writing, penmanship, copying from plain copy, geography of the United States, and reading addresses. The applicants will be selected from the fundamental principles, extending as far as common and decimal fractions and embracing problems.

The age limitations for this examination are as follows: Clerk, not less than 18 years; carrier, between 21 and 40.

REPUBLICAN WILL SUCCEED DE VRIES

NEW YORK, June 12.—A special to the Herald from Washington says: Representative Marion De Vries of California has been appointed to fill the vacancy on the Board of General Appraisers at New York caused by the failure of the Senate to confirm the appointment of former Representative W. D. Byrum of Indiana.

Though Mr. De Vries is appointed as a Democrat, he is said to be decidedly largely due to the influence of prominent Republican politicians, including Senator Hanna, Representative Bailew, chairman of the Congressional Campaign Committee, and Representative Dick.

Mr. De Vries is now the only Democratic Representative from the Pacific Coast. His district is normally Republican by about 6,000, and he is said to be the only Democrat who can carry it.

With De Vries out of the way, Republicans are reasonably sure of carrying the district, and indications are that though the Republicans will have a majority in the House, every seat they can obtain will be valuable.

NO LOAN FOR THE RUSSIANS.

NEW YORK, June 2.—There is some comment in banking circles over the presence of M. Rothstein of St. Petersburg in this city. His visit to this country is said to be in the interest of a large Russian government railway loan. The general opinion seems to be that Russian complications in the East will operate against any successful placing of a loan here, even if it were otherwise possible.

M. Rothstein called on President Stillman of the National City Bank, Mr. Stillman said later that it was absurd to talk about the financing of Russian bonds when even United States bonds are not in

In Grandma's Day.

Women were straight and strong. They could walk or work side by side with the men of the family. They lived under healthier conditions.

There was more simplicity and less strain. To-day it's different. The woman has all the care of the house and the wear of motherhood with superadded which were never dreamed of in Grandma's day.

As a natural result she's worn out when she ought to be in the full beauty of mature womanhood.

Women who would preserve their health and strength should guard the delicate womanly organs.

When these are diseased the whole body suffers loss of strength and beauty. Doctor Pierce's Favorite Prescription cures the diseases that weaken women. Inflammation, ulceration and

suppuration are promptly yielded to the power of this great remedy.

"I had been a great sufferer from female weakness for about two years," writes Mrs. Emma Richardson, of Goss, Wayne Co., Ky. "Could not do my work part of the time. I took four bottles of Dr. Pierce's Favorite Prescription and felt as well as I ever did."

FAVORITE PRESCRIPTION MAKES WEAK WOMEN STRONG. SICK WOMEN WELL.

active demand and the Presidential election is coming on.

YAQUI INDIANS ARE AGGRESSIVE.

CHICAGO, June 12.—A special to the Tribune from El Paso, Tex., says: William G. Stephens, general agent in Mexico for an Eastern manufacturing company, returned today from a tour of the State of Sonora, having visited the headquarters of General Torres at Pinal de Wednesday. The Indians, he says, occupy the impassable Bacoate mountains, a range fifty miles in length, and require the utmost vigilance on the part of General Torres' men to keep them in check. In a rush on Tuesday morning the Indians lost twelve men and the Mexicans had fifteen killed and several wounded.

REPUBLICANS OFF FOR PHILADELPHIA

SAN FRANCISCO, June 12.—The members of the Republican delegation to the national convention will leave for Philadelphia today. They expect to arrive at their destination Saturday night, stopping at Chicago on route. The party, composed of two Pullmans, which were handsomely decorated within and without, handsome banners on the sides of the coaches proclaiming the identity of the party. In Philadelphia the Californians will make their headquarters at the Colonnade.

summer dresses
a tale of woe

It's no fun to make up the summer dresses at home—What a beastly lot of bother summer dressmaking is for some folks anyway! They haven't the machines to work with and the thin stuff gets caught and draws and pulls and tears and comes out every which way but the right way—

Patterns won't match, particularly plaids, without a world of wasted material and the whole thing goes wrong in the making and to pieces in the wear and the washing—

And dressmakers won't make them nor can't make them "Too much bother they say"—"Too little knowledge" we think.

It's a special business this summer—dressmaking business and it takes special training and study and experience—

It isn't to be learned in a week or a month or a year—it took us 20 years to learn it.

It isn't a matter of patient work—It's a science to make right and wear right and w operators, special machines

And all these are here! Francisco people, Sacramento Jose and even Hawaiian summer dresses made here—

Harvest is approaching

and like the farmer we, too, have periodical use for the sickle. Today we have applied it to a few lines, and remember that if you see it in our adv. it's so.

Reduction in Wash Goods

Summer being in no hurry to arrive this year, we find an overstock of Figured Wash Goods on our shelves. These we have cut about 20 per cent. below original price. You will need just such goods before the Fourth of July and they cannot stay with us long at present prices. Take the hint.

Dainty printed Dimities, beautiful Batistes, latest Lawns and choice Organdies at prices that make them genuine bargains. Cannot speak of each piece but a good serviceable line is marked down to 7½c. Other bargains at 8½c, 10c, 12½c, 13c, 20c, and 25c.

Never forget that with every purchase of 8 yards of dress goods costing 15c per yard or more we give you FREE the celebrated McCall patterns to make your garment by.

A Snap for Your Boy

To close out a lot of Boys' Colored Suits of various grades we have used the sickle freely. Full suits—pants and blouse—sensible colors, washable, good for camping, climbing or picnicking. Sizes from 3 to 7 years. Some of these suits were \$1.50. Cut down to 15c, 25c, 35c and 50c to make room for goods steadily arriving.

Empire Corsets

—made for comfort as well as style. Not much larger than a girl's; lace trimmed with inserting; insures very neat figure; black or drab 1.00

Linen Collars for Ladies

This department largely increased. All latest styles, turn down, stand up and at 6k shape; deep or narrow, many makes. 12½c ea

In this department also, very serviceable line of wash shirts, colored. 6½c ea

Newest in Ladies' Hosiery

This department always full and up-to-date. Just in, Ladies' Black Hosiery, open work, lisle thread, double soles, finished seams—a special value. 15c pr

Ladies' Black Hosiery, direct importation, fast color, high-spliced heel and double sole. 25c

And everything in staple and Fancy Hosiery for ladies and children.

"Can't get them on" is never said of our Hosiery for children. Elastic double knees, toes and heels, wear like leather. 15c, 20c and 25c pr

Bicycle Waists for Women

Woman has a right to ease and comfort and to breathe freely—like a man. She is wrong when she squeezes into stays, and allows the weight of her skirts to hang from her hips, instead of from her shoulders. She is wrong not to enjoy a physical sport, like a man. No one denies her the right to appear well, but her appearance will be just as attractive as in a corset without it when she wears the G. D. H. CYCLE WAIST or "BUST SUPPORTER".

Latzke Now Wants to Get Back to His Native Country.

ALAMEDA, June 12.—The State Board of Education, in session at Sacramento, has issued a life diploma of the High School grade to Miss Letitia Elmer Johnson of this city. Life diplomas of the Grammar grade were issued to Emma L. McCracken, Mrs. William C. Probie, Miss Lillian Haden, Mrs. J. L. Simpson and Clara Vivian, all of this city. Isabelle L. Hunt received an educational diploma of the Grammar grade.

Miss Nellie M. Sturtevant of Alameda received documents to accompany Normal School diplomas and Paul J. Mohr, Walter Huddleston Graves, Martha Anne Johnson of this city. The three given documents to accompany University diplomas.

FROM CAMP AND FIELD TO FO'CASTLE.

ALAMEDA, June 12.—Corporal Ray, who served with Company G in the Eighth California Volunteers of Vancouver Harbor, arrived in this city yesterday. A full-fledged sailor and holding the position of second mate on a brigantine. He shipped before the last ten months ago and visited the Hawaiian Islands, Alaska and New Zealand, having numerous adventures. In Australia the volunteer British troops were missing to be sent on transports to the South Sea Islands. The sight aroused Ray's martial instincts, and getting shore leave he fraternized with the boys and had a good time, although at that time he was only a common sailor. He took ashore with him the American flag and the stars and stripes, and the way to New York around the Horn.

Mrs. Bert Combs and Mrs. Byron Horton of Paris street left Sunday for a trip by conveyance into the Santa Cruz mountains.

TO ERECT A FINE MODERN RESIDENCE.

ALAMEDA, June 12.—Mrs. Francis B. Hanley has given a contract to C. Christensen, contractor, and D. F. Oliver, architect, for the erection of a fine residence on the corner of 37th and Morton streets. The lot on which the new house is to stand is 50 x 145 feet. The total cost is to be \$3,500.

LATZKE NOW WANTS TO RETURN HOME.

ALAMEDA, June 12.—Carl Latzke the tailor who was committed to Napa Asylum as insane on March 24th, and who was recently discharged as cured, has petitioned the Superior Court to be restored to capacity, as he wants to return to his home and return to his mother country, Holland.

TROUBLES DERANGE YOUNG GIRL'S MIND.

Miss Mary J. Lund of Mt. Eden, aged 21 years, was brought to the Receiving Hospital this morning by her parents to be examined as to her sanity.

Miss Lund's mental derangement is supposed to have resulted from worry over a failure in a business enterprise, combined with over-zealousness in religion.

About two years ago Miss Lund opened a novelty store on Washington street, using for the purpose about \$500 which she had saved from her earnings as a domestic. In five months she had made a failure of her enterprise. She had lost the savings of several years' hard work. Despondent and almost driven to the verge of insanity, she was taken to the hospital. She has been telling her parents that she was going to marry a young doctor in this city.

ON TRIAL FOR HITTING FRIEND.

The trial of Adolph Grazer on a charge of having assaulted William Johnson on the 11th inst. is on at the County Court. A jury in Judge Greene's court this morning. Grazer was a saloon on the San Leandro road. A few weeks ago he and Johnson quarreled. Grazer hit Johnson over the head with an iron bung-starter.

ESTIMATE OF CALIFORNIA'S FRUIT CROP.

Apricots Injured By Swallows Strychnine the Shot-Hole Fungus.

Yield of Beans Promises to Be Astonishingly Large.

Associated Press Dispatches by Wire. STOCKTON, June 12.—The season of 1900 for almonds will be especially good in San Joaquin county, and the yield of the almond district of the State, as conservatively estimated by the J. C. Armsby Company of San Francisco and Chicago, is 200 carloads, as against 25 carloads last season. The estimate is given in carloads as follows: Chico and north, 25; Hume's control, 60; Yuba district, 20; Woodland, 10; Davisville, 15; Delta, 5; Colusa, 5; Winters and Vacaville, 5; Suisun, 25; Antelope and Orangeville, 10; Lodi, 15; Stockton, 5; San Joaquin valley, 10; Fresno and Coalinga, 10; Contra Costa county, 10; Alameda county, 10; Santa Clara county, 20; Southern California, 10; Sacramento, 15.

The heavy yield this year is due to a favorable season and the coming in of many new trees, taking the place of trees spoiled by age or pests. Last year the highest price paid, when there was a big eastern demand, was 1½ cents for a pound for the paper shells. In the fall of 1900 the price was 1½ cents for a pound for the paper shells. In the fall of 1900 the price was 1½ cents for a pound for the paper shells. In the fall of 1900 the price was 1½ cents for a pound for the paper shells.

As to apricots, the crop will be large, but the quality will be lower than in previous years. For this reason the canneries will handle only such of the crop as is clean and free from the shot-hole fungus. For this reason the canneries will handle only such of the crop as is clean and free from the shot-hole fungus. For this reason the canneries will handle only such of the crop as is clean and free from the shot-hole fungus.

The acreage planted to beans, especially in the lowlands, is very much larger than formerly. Plums, blackberries and ladyfinger crops are also very good. The season has been very propitious thus far, and should there be no rains between now and harvest the yield will be astonishingly large.

TO SEEK FAME ABROAD AS A SINGER.

ALAMEDA, June 12.—Miss Ada H. Ramsdell, one of the most popular and successful of the Alameda High School, has resigned her position and is now on her way to New York to seek fame abroad as a singer.

DEPUTY SHERIFF ROSE OF NILES TAKES POISON.

in Presence of Friends.

Death May Yet Terminate the Man's Domestic Infelicity.

Domestic troubles caused Frank Rose, a farmer, driver and Deputy Sheriff, of Niles to attempt suicide by the strychnine route last night about 6:30 o'clock, and it is feared that he will not survive.

Rose lives with his wife in Niles, and it is said that he and his wife have had frequent quarrels.

Yesterday afternoon they had a quarrel that was unusually bitter while they were out walking, and as they were passing the drug store Rose thrust his wife into the street.

While her attention was attracted elsewhere, the unfortunate husband ordered a small bottle of strychnine, which was delivered by the drug clerk.

Rose took the poison, which he represented was for lawful purposes, left the place and went to his farm, which is located a little to the east of the drug store. His wife separated from him and started to go home. After she had disappeared Rose began to act as if demoralized. He had been acting strangely for several days and the impression had been created that he had become insane.

Several friends of his were with him in the barn at the time, and to these he stated that he intended to take a dose of strychnine.

His friends felt that to make an attempt to wrench the vial from him would render him desperate and cause him to immediately swallow its contents. They, therefore, approached him gradually, intending to overpower him but the risk failed. Rose put the vial to his lips and swallowed the poison.

Dr. Chalmers was speedily sent for and worked over the man for a long time. At last accounts, Rose was in a critical condition.

Rose was about forty years of age and has long been a resident of Niles. He is the father of three children. He is a deputy sheriff under Oscar Rogers and has held the same position under several of Mr. Rogers' predecessors.

He was formerly a partner in the livery business of John Bernard, of Niles, the partnership having been dissolved some time ago.

It is said that the quarrel between him and his wife was over some trivial family affair and it is supposed that he was temporarily deranged. He had been dependent on some time.

THEO. GIER'S SAUTERNE

is produced from vines that were imported from the Sauterne District of France in 1884. No foreign white wine can compare with it, being mellow, rich in flavor and lacking the acidity so common in most dry wines. No matter how long in bottle it is absolutely clear. It is remarkably cheap for its type of wine.

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Ackers' English Remedy, and I thought I would try it, although I confess that little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Ackers' English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time."

(Signed) Mrs. FLOYD FOWLER.

Ackers' English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 50c, 1.00, and \$1 a bottle in United States and Canada. In England, 2s. 6d., 5s. 6d., and 10s. 6d.

In the matter of the estate of Isabella Porter, Deceased.
Order to show cause why order for sale of real estate should not be made.
It appearing to this Court by the petition this day presented and filed by F. T. Tolias, Henry Evers, S. G. Martinez, Joseph Bros. and Bank of Martinez, a corporation, Creditors of said Estate of Isabella Porter, deceased, that it is necessary to sell the whole or some portion of the real estate of said decedent to pay the debts of said estate and the expenses and charges of administration.
It is therefore ordered by this Court that all persons interested in the estate of said decedent do appear before the said Superior Court on the 25th day of June A. D. 1900, at the hour of 10 o'clock A. M., of said day, at the Court room of said Court at Court House in the City of Oakland, County of Alameda, State of California, to show cause why an order should not be made to E. A. Kathubin, the Executor of the last will of said decedent, to sell so much of the said real estate as shall be necessary, and that a copy of this order be published four successive weeks in the Oakland Tribune, a newspaper printed and published in said county.

W. E. GREENE,
Judge of said Court.
